SevenSport s.r.o. reserves the right to make any changes and improvements to its product without prior notice. Visit our website www.insportline.eu where you will find the latest version of the manual.

SAFETY INSTRUCTIONS

- Read the manual before use and keep it for future reference.
- Use the product only in accordance with the manual.
- Secure the system properly before use.
- Use only in a place with non-slip floor. Wear sports shoes.
- Consult a physician before starting a training program.
- If you experience nausea, dizziness or pain, stop exercising immediately and seek medical attention.
- Keep the product away from children and pets.
- Hide the product when not in use.
- People with mental or physical illness and children may only use the product under the supervision of an adult and responsible person.
- Check the product regularly for damage or wear. Stop using the product immediately if it is damaged or worn.
- Do not modify the product.
- Always attach the trainer to a safe, strong and stable material that can support the weight of
 your body. If the booster is attached to a treadmill (or other fitness equipment that is not
 standardly attached to the floor, wall or ceiling), the turret must be bolted to the ground or
 otherwise secured against overturning. Always perform a stress test before using the fitness
 system to check the strength and stability of the object to which the system is attached.
- For safety reasons, always try the exercise first in a so-called static hinge and with a minimum body inclination. Always perform slow, controlled movements.
- Protect the product from external influences. Prolonged exposure to sunlight, moisture, weather, low or high temperatures, or severe temperature changes may result in reduced material strength.
- Wall / ceiling / beam anchoring:
 - WE RECOMMEND YOU TO CONTACT EXPERTS.
 - Under no circumstances should you use self-tapping screws, screws or other screws unless they are intended for installation in concrete or iron.
 - o Use the subsurface search engine to find a suitable anchorage point
 - If you are planning to anchor more than one reinforcement system in a single wall / beam (in the case of multiple users), it is strongly recommended that you contact a qualified construction expert to ensure that the wall / beam or other mounting surfaces are not disturbed.
 - The mounting bracket must be firmly screwed on and securely secured. Perform a stress test before use.
 - For safety reasons, check the mounting bracket regularly. Do not use the bracket if it is loose or improperly attached.
- Load capacity: 200 kg

FIXING

To use the trainer system, it is necessary to attach the system to an anchorage point that can support your weight (e.g. walls, beams, etc.). Attach the carabiner to the anchor point (improper attachment may lead to premature wear). The attachment point should be at a height of 1.8 - 2.7 m. Pull the booster strap through the yellow strap. Always ensure that the system is properly attached before use.

ADJUSTING THE STRAP LENGTH

To shorten, grasp the black strap. Press the black buckle and grasp the yellow strap.

At the same time pull the buckle and strap up.

Adjust the length on both straps at the same time.

To extend, pull the strap and buckle down at the same time.

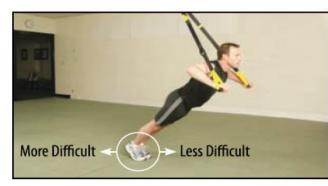

EXERCISES

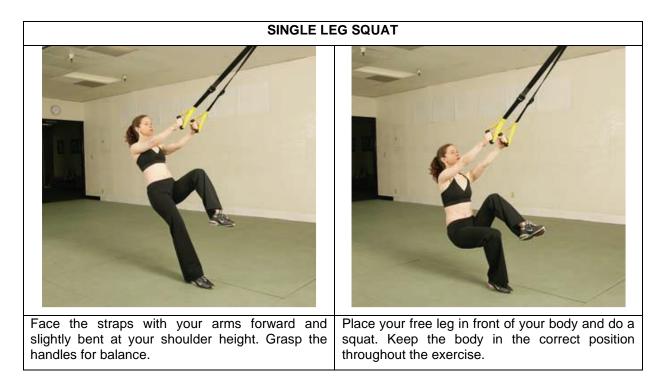

Ensure that the fitness system is properly attached and tightened before use. During exercise, engage the abdominal muscles and back straight, unless the instructions state otherwise. During standing exercise, increase the angle by increasing the load. During exercise on the floor, you increase resistance by moving away from the centre of gravity.

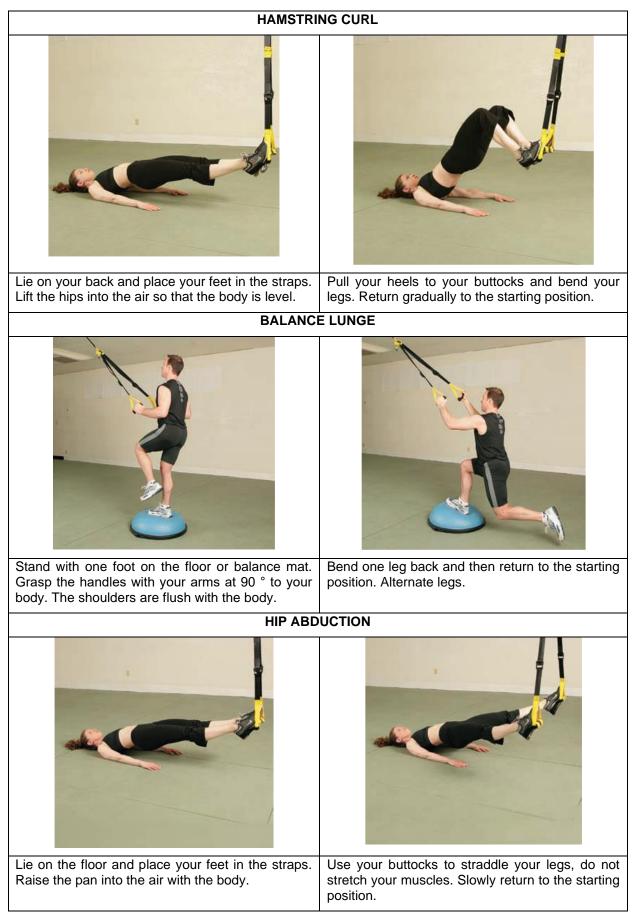

Goal	Repetition to exhaustion *	Number of sets
Increase power	6-8	2-4
Muscle enlargement	8-12	2-3
Muscle shaping	12-15	1-2

* Reduce resistance if you cannot do the minimum number of repetitions. Increase the resistance once you have exceeded the number of repetitions by 1.

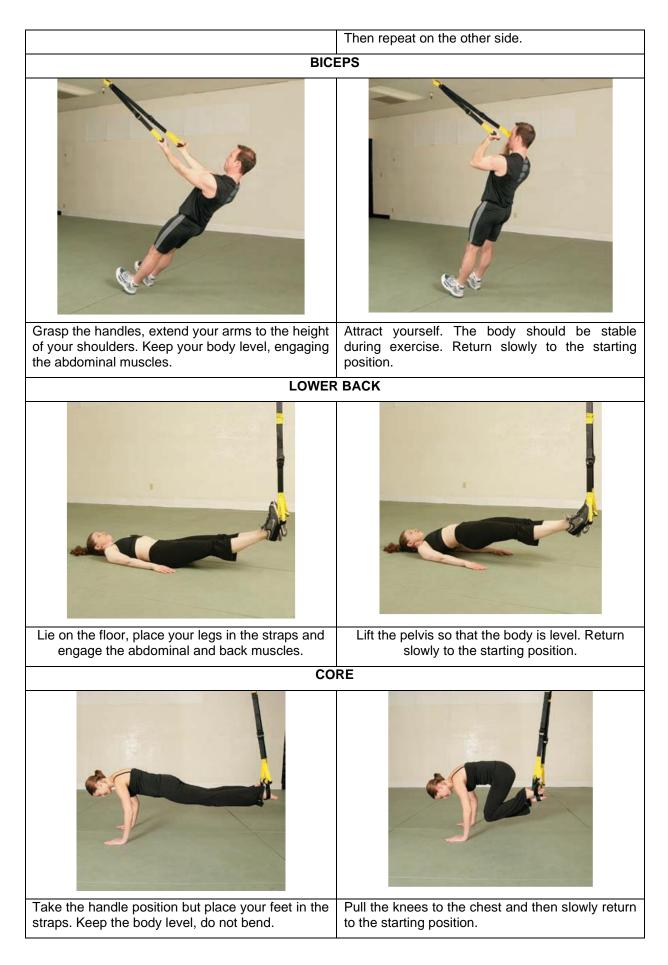

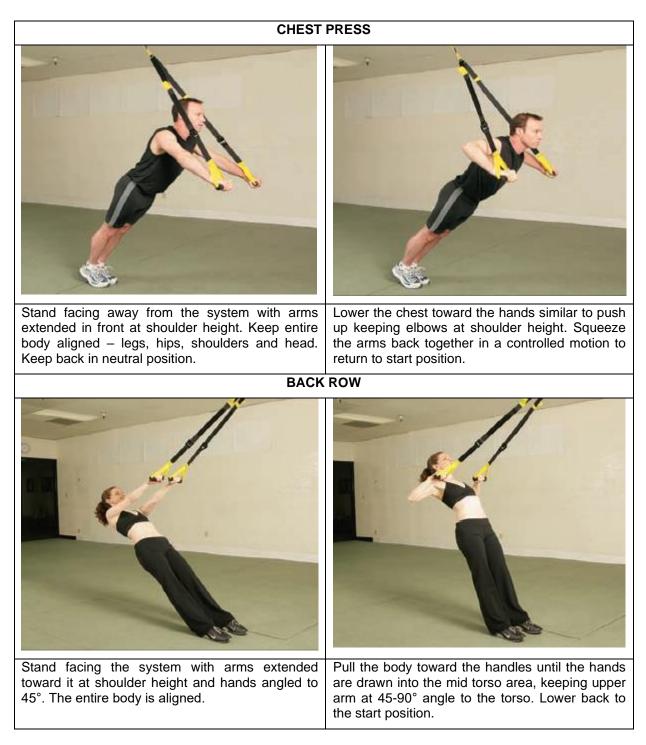

STRENGTHENING SHOULDER MUSCLE Face the straps and grasp them. The body is Extend your arms and slowly raise them to the Y straightened and stretched for a year with the position above your head. Slowly return to the starting position. shoulders. TRICEPS Grasp the straps with the arms stretched in front Slowly shrug your arms. Get close to your hands. of you. Keep your body level, do not bend. Then slowly return to the starting position. **OBLIQUE LEG RAISE** Lie on the ground and grab the handles at 45 °. Raise the legs to 90 degrees and then turn them Keep your back on the floor during exercise. to the side, away from the centre of the body.

ENVIRONMENT PROTECTION

After the product lifespan expired or if the possible repairing is uneconomic, dispose it according to the local laws and environmentally friendly in the nearest scrapyard.

By proper disposal you will protect the environment and natural sources. Moreover, you can help protect human health. If you are not sure in correct disposing, ask local authorities to avoid law violation or sanctions.

TERMS AND CONDITIONS OF WARRANTY, WARRANTY CLAIMS

General Conditions of Warranty and Definition of Terms

All Warranty Conditions stated here under determine Warranty Coverage and Warranty Claim Procedure. Conditions of Warranty and Warranty Claims are governed by Act No. 89/2012 Coll. Civil Code, and Act No. 634/1992 Coll., Consumer Protection, as amended, also in cases that are not specified by these Warranty rules.

The seller is SEVEN SPORT s.r.o. with its registered office in Strakonická street 1151/2c, Prague 150 00, Company Registration Number: 26847264, registered in the Trade Register at Regional Court in Prague, Section C, Insert No. 116888.

According to valid legal regulations it depends whether the Buyer is the End Customer or not.

"The Buyer who is the End Customer" or simply the "End Customer" is the legal entity that does not conclude and execute the Contract in order to run or promote his own trade or business activities.

"The Buyer who is not the End Customer" is a Businessman that buys Goods or uses services for the purpose of using the Goods or services for his own business activities. The Buyer conforms to the General Purchase Agreement and business conditions.

These Conditions of Warranty and Warranty Claims are an integral part of every Purchase Agreement made between the Seller and the Buyer. All Warranty Conditions are valid and binding, unless otherwise specified in the Purchase Agreement, in the Amendment to this Contract or in another written agreement.

Warranty Conditions

Warranty Period

The Seller provides the Buyer a 24 months Warranty for Goods Quality, unless otherwise specified in the Certificate of Warranty, Invoice, Bill of Delivery or other documents related to the Goods. The legal warranty period provided to the Consumer is not affected.

By the Warranty for Goods Quality, the Seller guarantees that the delivered Goods shall be, for a certain period of time, suitable for regular or contracted use, and that the Goods shall maintain its regular or contracted features.

The Warranty does not cover defects resulting from (if applicable):

- User's fault, i.e. product damage caused by unqualified repair work, improper assembly, insufficient insertion of seat post into frame, insufficient tightening of pedals and cranks
- Improper maintenance
- Mechanical damages
- Regular use (e.g. wearing out of rubber and plastic parts, moving mechanisms, joints, wear of brake pads/blocks, chain, tires, cassette/multi wheel etc.)
- Unavoidable event, natural disaster
- Adjustments made by unqualified person
- Improper maintenance, improper placement, damages caused by low or high temperature, water, inappropriate pressure, shocks, intentional changes in design or construction etc.

Warranty Claim Procedure

The Buyer is obliged to check the Goods delivered by the Seller immediately after taking the responsibility for the Goods and its damages, i.e. immediately after its delivery. The Buyer must check the Goods so that he discovers all the defects that can be discovered by such check.

When making a Warranty Claim the Buyer is obliged, on request of the Seller, to prove the purchase and validity of the claim by the Invoice or Bill of Delivery that includes the product's serial number, or eventually by the documents without the serial number. If the Buyer does not prove the validity of the Warranty Claim by these documents, the Seller has the right to reject the Warranty Claim. If the Buyer gives notice of a defect that is not covered by the Warranty (e.g. in the case that the Warranty Conditions were not fulfilled or in the case of reporting the defect by mistake etc.), the Seller is eligible to require a compensation for all the costs arising from the repair. The cost shall be calculated according to the valid price list of services and transport costs.

If the Seller finds out (by testing) that the product is not damaged, the Warranty Claim is not accepted. The Seller reserves the right to claim a compensation for costs arising from the false Warranty Claim.

In case the Buyer makes a claim about the Goods that is legally covered by the Warranty provided by the Seller, the Seller shall fix the reported defects by means of repair or by the exchange of the damaged part or product for a new one. Based on the agreement of the Buyer, the Seller has the right to exchange the defected Goods for a fully compatible Goods of the same or better technical characteristics. The Seller is entitled to choose the form of the Warranty Claim Procedures described in this paragraph.

The Seller shall settle the Warranty Claim within 30 days after the delivery of the defective Goods, unless a longer period has been agreed upon. The day when the repaired or exchanged Goods is handed over to the Buyer is considered to be the day of the Warranty Claim settlement. When the Seller is not able to settle the Warranty Claim within the agreed period due to the specific nature of the Goods defect, he and the Buyer shall make an agreement about an alternative solution. In case such agreement is not made, the Seller is obliged to provide the Buyer with a financial compensation in the form of a refund.
